CONSTRUCTION, GLAZING & WATERPROOFING SUPPLIES

GLAZING PRODUCT GUIDE

29 Lampton Ave Derwent Park Tas 7009
PH 6272 4327
sales@terracetrading.com.au

OPENING HOURS: 7.30am - 5pm Weekdays

CONTENTS:

Abrasives	17	Nuts & Washers	18
Adhesives Tapes	13	Panel Shims	16
Adhesives & Sealants	4 & 5	Pet Doors	8
Aluminium Cutting	17	Plastic Methylated & Spray Bottles	7
Backing Rod	5	Point Driver & Diamond Points 9mm	7
Blades Including Multi Tool		Primers For Adhesives & Sealants	7
Blades For Power Tools	9	Putty	7
Cerium Oxide	7	Safety Equipment	14 & 15
Chemical Injection	19	Sealant Applicators	6
Cleaning Items	15	Setting Block	16
Dampcourse	16	Silica Gel	7
Drill Bits HSS & Masonry	17	Silicone	3
Driver Bits	17	Silicone Solvent	6
Fasteners	18	Small Joint Sealant	4
Glass Cleaner	6	Spaghetti & Wall Plugs	18
Glass Cutting	12	Spatulas	7
Glazing Tools	10 & 11	Spirits & Solvents	15
Hinges	16	Threaded Rod	18
Knives	9	Tile Drilling	12
Lubricants	6	Vacuum Lifters	8
Nozzles	7	Window Packers	16

Terrace Trading is a small, family owned and proudly Tasmanian business serving the construction industry. We have small and large customers around the state and arrange freight as well as doing on-site deliveries and selling from our warehouse/shopfront in Derwent Park, Hobart. We work with our customers to select the most appropriate fastening or waterproofing solution or glazing product for a particular situation. By providing the correct product the first time, we help generate the best project outcomes for the trade professionals, handymen or DIYers who seek our advice.

SILICONE

Bostik V2 Acetic Silicone: High performance acetic rapid cure glazing silicone. Available in black & translucent. Cartridge 15/box.

Bostik V60 silicone: High quality semi-structural neutral cure glazing silicone, potable approved as per AS4020-2005. Available in translucent, black, white, light grey and silver. Cartridge 15/box.

Bostik V70 structural silicone: Full structural silicone neutral cure that meets ASTM C1184, +-35 joint movement in matt black finish only. Cartridge 15/box.

Bostik Sanitary Silicone 6S: Mould and mildew resistant neutral cure for bathrooms. Available in clear, translucent and silver ash. Other colours available on request. Cartridge 20/box

Bostik Zbond 616 Silicone: Neutral cure general purpose silicone, available in beige, sandstone and primrose. Cartridge 20/box

Soudal Glass & Glazing Silicone: Neutral cure glazing silicone, available in matt black and translucent. Cartridge 15/box.

Soudal All Purpose Silicone: Neutral cure mould resistant silicone, available in silver, monument, woodland grey, dune, jasper, windspray, paper bark, surfmist, medium grey and dark grey. Cartridge 12/box.

Konstrukt Roof & Gutter Silicone: Neutral cure premium silicone, available in translucent and grey. Cartridge 20/box

Tremco Tremsil 870 Silicone: Neutral cure glazing silicone, available in black, translucent, light grey and white. Cartridge 25/box

Tremco sanitary silicone: Same product as Tremsil 875 only new packaging. Mould and mildew resistant and neutral cure. Available in white, translucent, almond ivory and tile grey. 25/box.

Tremco Spectrem 2 structural silicone: Full structural silicone neutral cure that meets ASTM C1184, in black only. Cartridge 30/box & 600ml sausage 15/box.

ADHESIVES & SEALANTS

Soudal Fire Rated Sealant: 4 hour fire rated polymer, grey colour 600ml sausage. Meets AS1530.4, +/- 25% movement. 600ml sausage 12/box.

Soudal T-Rex Turbo: Polymer adhesive/sealant that bonds to most substrates and skins in 20 minutes. Contains no solvents, isocyanates or acids. Cartridge 12/box.

Soudal T-Rex Extreme: Polymer adhesive with 400kg initial tack. Ideal for applications like installing mirrors that require a very high initial tack. Cartridge 12/box.

Soudal T-Rex Crystal Clear: Polymer adhesive/sealant where a crystal clear finish is required. Contains no solvents, isocyanates or acids. Cartridge 12/box.

Soudal T-Rex Fast Grab: Polymer adhesive/sealant that bonds to most substrates. Available in white, grey, silver, beige, black & translucent. Contains no solvents, isocyanates or acids. 12/box for cartridge & 600ml sausage 12/box.

SAUSAGE
WHITE
ONLY

Soudal MS35 Seal & Stretch: Polymer sealant contains no solvents, isocyanates or acids. Joint movement +/- 20%. Colour cartridge available white, grey & black. 600ml sausage colours in white, off white, grey, black, sandstone, beige and dark grey. Cartridge and sausage 12/box.

Soudal Multibond MS50 Seal & Stick: Fast cure polymer adhesive/sealant that bonds to most substrates, contains no solvents, isocyanates or acids. Available in white, grey and black, 600ml sausage 12/box.

HB Fuller Fire Rated Acoustic Sealant: 4 hour fire rated water based grey sealant in cartridge and sausage. Meets AS1530.4. Cartridge 20/box and 600ml sausage 15/box.

Small Joint Sealant 18.9L & 3.75L

Soudal Gap Filler:
Water based white paintable gap filler. 12/box.

Tremco Acrylic Gap Sealant:
Water based white paintable gap filler. 20/box

Tremco Multi Purpose Sealant & Adhesive:
Polyurethane sealant and adhesive, bonds to most common building materials. Available in white, grey and black. Cartridge 20/box.

Soudal Grip & Fix Construction Adhesive: Water based solvent free construction adhesive with high initial grab. Cartridge 20/box

HB Fuller Maxbond Construction Adhesive: Premium solvent based construction adhesive for bonding most common building materials. Cartridge 20/box.

HB Fuller Toolbox: Polymer adhesive/ sealant, contains no solvents, isocyanates or acids. Cartridge 12/box.

Konstrukt Construction Adhesive:
Economical construction adhesive for bonding most common building materials. Cartridge 20/box

Bostik Matrix FC:
Fast cure polyurethane sealant and adhesive, bonds to most common building materials. Available in white, grey and black. Cartridge and sausages 20/box.

Bostik Seal N Flex:
Polyurethane sealant bonds to most common building materials, +-50 joint movement. 600ml sausages available in white, black, concrete grey, dark grey, off white, sandstone & redwood. 20/box

BACKING ROD

Backing Rod Square: Open cell 20x30mmx2m strips. Also available in 15 & 20mm round rolls.

Backing Rod: Closed cell white, available in 6mm, 10mm, 15mm, 20mm, 25mm, 30mm, 40mm & 50mm.

SEALANT APPLICATORS

B&L Barrel Applicator Gun 37cm:
High quality brand for continuous trade use.

Soudal Barrel Applicator Gun 37cm:
Good quality brand with an extra clear barrel.

Newborn Applicator Cartridge Gun:
Good quality Newborn brand ratchet gun with drip-less function.

Svenic Applicator Cartridge Gun: Good quality English made silicone gun with drip-less function.

Soudal Applicator Cartridge Gun: High quality brand 18:1 ratio for the harder to gun out products like chemical injection or T-Rex with drip-less function.

LUBRICANT / SILICONE SOLVENT / CLEANERS

Soudal Silicone Remover: Applied for 10 minutes then silicone can be mechanically removed.

Dymark Multi-Purpose Lubricant
400g, 12/box.

Isopropyl Alcohol: Ideal for cleaning non-porous substrates before applying silicone, polyurethane, polymer etc. 275g aerosol 6/box.

GHS Supersolve: Silicone solvent aerosol. 12/box.

GHS Silicone Lubricant 300g,
12/box.

GHS Glass Cleaner: Glazier preferred, ammonia free 500g aerosol 12/box.

SEALANT NOZZLES

Applicator nozzles: standard 600ml sausage, long silicone nozzle, large 600ml nozzle and swivel nozzle.

SEALANT TOOLS

Silicone remover tool in red, **glazing spatula** in yellow and **Soudal spatula** in white.

Methylated Spirits Safety Bottle.

Plastic Spray Bottle 500ml.

PRIMERS, PUTTY & ACCESSORIES

Soudal Finishing Solution: Tooling off solution for sealants, 1 litre.

Soudal Surface Activator: Adhesion promotor for non-porous surfaces of silicones, polyurethanes and polymers, 500ml.

Soudal Primer 150: Primer for porous surfaces of silicones and polymer products in 500ml.

Cerium Oxide: Mixed with water for light scratch removal in glass.

Felt Polishing Wheel: For use with cerium oxide.

Silica Gel 1kg.

Whiting 1kg.

Bump - Ons: Clear flat 12.7x3.5mm for glass cushioning applications.

Push Points.

Point Driver 9mm: diamond points 9mm.

Robertson's Glazing Putty: Timber and steel frame both in 2 & 20kg.

LIFTERS

Twin Cup Vacuum lifter: Aluminium body lever action vacuum lifter, 80kg lifting capacity.

Woods Vacuum Lifter: USA made 200mm vacuum lifter pump-up action, 56kg lifting capacity with 3 to 1 safety ratio and red safety indicator for faulty or leaking unit.

Knuckle Saver Lifter: For moving small light pieces of glass.

MEASURING TAPES

Sterling 8m metric rubber grip, double sided nylon coated blade measuring tape.

Sterling 5m metric rubber grip measuring tape.

PET DOORS

Transcat Cat Door: Tough polycarbonate New Zealand made cat door, 267mm diameter hole for single glaze and 275mm for double glaze.

Transcat Dog Door: Tough polycarbonate New Zealand made dog door, hole diameter is 385mm.

KNIVES and BLADES

Sterling Ultimax Knife: Rubber grip 18mm snap off knife with screw dial lock.

Sterling Ultimax Knife: Rubber grip 18mm snap off knife with button lock.

Sterling Red-Rhino Knife: Extra heavy duty 25mm snap off knife with stainless sleeve.

KDS 25mm Snap Off Blades: Japanese made .7mm thick with black coating for increased longevity.

Sterling Heavy Duty Blade: English made utility blade in 10 and 100 pack.

Sterling XL-Silver Snap Off Blades: Premium English made 18mm snap off blades in 10 and 50 pack.

Personna Single Edge Razor Blades: High quality .23mm thick in 100 pack.

Bosch Multi Tool Blades: Most brands compatible Swiss made for metal, timber and aluminium. Value 5 packs available in timber, hardwood and combo metal/timber.

GENERAL GLAZING TOOLS

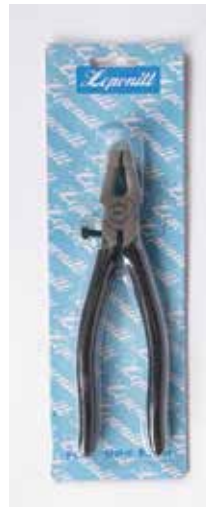

Toledo Multi-Grip Pliers 300mm.

Toledo Combination Pliers 210mm.

Toledo Long Nose Pliers.

Leponitt Cut Running Pliers.

Leponitt Plate Pliers 210mm.

Leponitt Goose Neck Pliers.

Sterling Duckbill Shears: Anvil type shears with graduated base plate for angled cuts.

Replacement blade for Sterling duckbill shears.

Replacement anvil for duckbill shears.

Sterling Universal Shears: Heavy duty anvil type shears for cutting setting block, timber beads, glazing rubber etc.

Replacement blade for universal shears.

Toledo File: Flat files, cut 1, 2 & 3 150 & 200mm.

Sterling Ultimax Chisels.

Toledo Adjustable Wrench: 200, 250 & 300mm.

Thorex Soft Face Hammer: English made 38mm fibreglass handle with rubber grip. Replacement heads available.

Macsim Rivet Gun RT10: Good quality reduced nose rivet gun, up to 3/16 rivets.

Toledo Diagonal Cutters 200mm.

Jimmy Chisel: Pry bar.

Fly Screen Roller: Banana shaped metal handle with 4mm wheel. Spare wheels available.

Vinyl Roller: 10mm wheel with Aluminium body. Spare wheels available.

Bohle Putty Knives: 19 & 32mm curved.

RedDevil Putty Knife: 32mm stiff blade.

Bohle Hack out Knife.

Sterling Heavy Duty Combination Square.

Sterling Rhino Grip Hacksaw Frame.

Sterling Bi-Metal Hacksaw Blade 300mm: 18, 24 & 32 tooth.

GLASS CUTTING / TILE DRILLING

Bosch Ceramic Tile Bit: Self starting dry cut tile drill bit for medium hardness of tile. Stocked in 3, 4, 5, 6, 8 & 10mm.

Heller Cera Expert: Self starting hard tile drill bit without the need for coolant. Stocked in 5, 6, 8 & 10mm.

Savage Diamond Core Drill: Economical alternative for drilling hard tiles. Water coolant required, stocked in 4, 5, 6, 6.5, 8, 10, 12, 19, 25, 32, 45, 50 & 68mm

Alpha Diamond Dry Cut Core Bit: High quality waxed filled tile bit without the need for a coolant, stocked in 6, 6.5, 8 & 10mm.

Iccons Ceramic Tile Drill: For use in an angle grinder as a dry cut no lubricant required drill bit. Will drill through hard tiles quickly and effortlessly. Stocked in 6, 8, 10, 12, 25 & 35mm

TCIP Toyo Glass Cutter: Japanese made cutter, reduced head size for lead light applications.

TCIS Toyo Glass Cutter: Japanese made standard glass cutter.

Bohle: High quality black braced L square, available in 600, 1350 & 1500mm.

Glass Speed Cutter: Production T-cutter with an automated oil feed available in 610mm, 1220mm & 1880mm.

Speed cutter replacement nylon runner wheels.

Auto lube turrets: black model to suit traditional speed cutters, grey model to suit newer style.

Circle cutter, available in 600 & 1200mm.

Bohle Cutting Turret: 6 wheel to suit some speed cutters.

TAPES

Safety Vision Strip – 10m roll with silver rectangles.

Safety Vision Strip – 10m roll 75mm wide in frosted and white.

Stylus Duct Tape: 48mmx30m 550/15 trade quality thickness. 48 rolls/box.

Aluminium Protective Tape: Black Italian made 48mmx66m, can be left applied up to 2 months for adhesive residue free taping. 36/box, other widths available.

Stylus Nashua Cloth Tape: Black gaffa/cloth tape 48mmx25m with aggressive adhesion.

Stylus Hy-Stik Masking Tape: Trade quality general purpose available in 18, 24, 36 & 48mm wide.

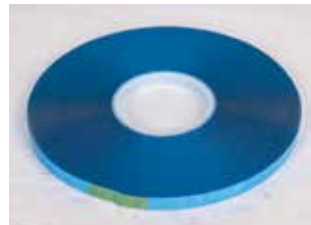

Stylus Hy-Stik Long Lasting Tape: Blue, interior/exterior up to 14 day clean release. Available in 24 & 36mm widths

Butyl Glazing Tape: 1 size only, 1.5x9x20m

Norton High Bond Attachment Tape: Grey, US made with aggressive adhesive properties and high tensile strength.

Norton High Bond Translucent Tape: US made with very high adhesion properties. Used when a translucent finish is required.

Glazing Tape Single Sided PVC: Soft black glazing tape 9mm wide available in 1.6, 3.2, 4.8, 6.4 & 9.5mm thick, other sizes upon request. Boxes of 48.

Structural Glazing Tape V2100: US made, grey urethane single & double sided adhesive. Used for when compression of tape needs to be minimal. All widths 9mm, others available upon request. Thicknesses 1.6, 3.2mm, 4.8mm, 6.4mm & 9.5mm. 24 rolls/box.

Glazing Tape Double Sided PVC: Medium-soft black glazing tape available in 1.6, 3.2, 4.8 & 6.4mm thick, other sizes upon request. Boxes of 24.

White Mirror Tape: White aggressive tack, double sided tape for installing mirrors while primary adhesive cures. Available in 1.5 & 3.2mm thick, width 18 & 24mm all by 33m in length.

Danger Tape: Yellow and black 'caution' tape 75mmx100m and red, white and black 'do not enter tape' 75mmx100m

SAFETY EQUIPMENT

Maxisafe Hard Hat: White vented, AS1801.

Black Shield Glove: Tough black nitrile powder free disposable glove. Available in large and x large, boxes of 100.

Maxisafe Glove Clip: Fluro orange clip as required by some construction sites.

Chemical Mask: High quality Japanese made lightweight respirator. Comes with gas filters and P2 filters.

Glazing Glove: General purpose blue glazing glove, latex dipped for maximum grip on glass.

Beaver Brands Glove: Ninja Gripix general purpose glove.

Maxisafe Cut Resistant Glove: GKL251 - High quality cut 5 glove with level 4 abrasion resistance and up to 250 deg contact resistance. Latex dipped for maximum grip on glass. Available in medium, large and X large, packs of 12.

Gelmax Gel Knee Pads

Maxisafe P2 Valved Respirators: Moulded, metal free components. Pre-shaped nose cushion and soft nose foam. AS1716.

Fastaid First Aid Kits: 59, 155 & 172 piece.

Safety Vests: Hi-Vis in yellow and orange, sizes from S to 3XL.

3M Earmuffs: H7A class 5 30DB rating.

Konstrukt ear plugs: Soft foam tapered ear plug with class 5 protection. 200 pairs to a box, can be ordered in pairs as well.

Pro Earmuffs: Python slimline class 5 31DB rating as per AS1270-2002. Light weight steel wire band construction.

Howard Leight Earplug Band: Lightweight with replaceable and washable buds, rated to 25DB as per AS1270.

SAFETY EQUIPMENT

Safety Glasses 'Evolve': New generation protective eye wear with removable dust & debris foam seal & lanyard. Clear and smoke lenses available. AS1337.1:2010, 12 per box.

KonSpex-GP Safety Eyewear: Light weight design with anti-fog lens and 99.9% UV protection. AS/NZS 1337.1:2010. 12/box.

VX2 Mack Premium Safety Eyewear: Anti-scratch and fog coating with rubberised nose piece and arms 100% UV protection and is AS/NZS 1337.1:2010 approved. 12/box.

Kevlar Wrist Gauntlet: Cut level 4, velcro wraparound style, one size fits all.

Nylon Wrist Gauntlet: Cut level 4, velcro wraparound style, one size fits all.

Wrist Gauntlet: Cut 4 padded kevlar gauntlet with thumb slot.

Gauntlet Sleeve: G-Force 280mm grey 13 guage Inotex. Cut 5 sleeve. Available in S, M and L.

SPIRITS / SOLVENTS

Methylated Spirits: Available in 1, 4, & 15L.

Mineral Turpentine: Available in 1, 4, & 15L.

Acetone: Used as a cleaner.

Xylene: Used as a cleaner and stripper.

CLEANING

Aftek Handy Wipes: Wipes for removal of non cured silicones, polyurethanes and polymers etc.

Soudal Swipex: Wipes for removal of non cured silicones, polyurethanes and polymers.

Mixed Rags 15kg

Cotton Rags White 10kg

SETTING BLOCK

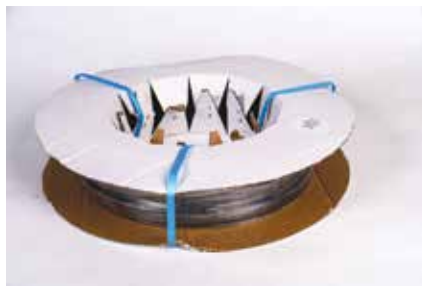

Single Glaze Block: Black 75x12mm in 3, 5, and 10mm thickness.

Single Glaze Block: Clear 75x12mm in 3, 5, and 10mm thickness.

Single Glaze Block Roll: Soft black 12mm wide. Available in 3, 5 & 10mm thickness.

Double Glaze Block: Shore Hardness A85+-5, 28mm wide x 3, 6 & 12mm thickness.

WINDOW PACKERS & SHIMS

Window Packers 75x36mm: Tub packaging, 1.6mm - 800, 3.2mm - 500, 5.0mm - 400, 6.4mm - 300 & 10.0mm - 200. Also assorted tub of 400, all box packaging are in 100.

Panel Shims: Tilt-up panel construction packing shims, 150,x100mm. UV stable with 20 tonne rating. 1mm pack of 200, 2mm pack of 200, 3mm pack of 100, 5mm pack of 100, 10mm pack of 40, 15mm pack of 40 & 20mm pack of 30.

DAMPCOURSE

Polythene Dampcourse: 110mmx30m, Boxes of 12.

Aluminium Dampcourse: 110mmx10m.

HINGES

Stainless Hinge: Fast fix wrap around hinge, T6 aluminium alloy with stainless steel hinge pin and tough nylon caps and bushes.

Stainless Hinge: Aluminium and timber style, 100x76x2.5mm.

ABRASIVES

Sanding Block - Abrasive cleaner for raw aluminium in 120 & 240g.

German made flap disc: Zirconia coated, 100 & 125mm. 40 - 120g.

Austsaw Aluminium Blade: Premium triple chip blade, available in 215, 250 & 300mm. Others sizes upon request.

Bosch Thin Cut Off Wheels: German made 1mm thick Inox and aluminium/masonry cutting. Packs of 25.

Power File Belt for Portable Tools: 10x533mm & 13x455mm 60-320g belt size dependant.

Abrasive Belt for Glass: Australian made in 1330, 2690 & 3350mm from 60g-320g.

Abrasive Cork Belt For Glass: Australian made in 1330, 2690 & 3350mm.

DRIVER BITS

Nutsetters, Bit Holders and Security Driver Bits in various lengths.

Alpha Gold Series Drill Bits: Premium quality imperial and metric drill bits. Large range of 10 pack and single pack available.

Alpha Gold Series Drill Bits: Premium quality long series imperial & metric drill bits. Large selection available.

Bosch Multi-Construction Drill Bit: German made for drilling thin metal, concrete, brick, timber and soft to medium tiles.

Phillips and Square Drive Impact Resistant Driver Bits No 0-4 25-200mm, drive type dependant.

Bosch Rotary Hammer Drill Bits: German made SDS-Plus, 5-26mm in various lengths.

FASTENINGS

Timber Screws: 6-14g, up to 200mm in length. Head styles are countersunk, wafer, pan, button, hex & bugle. Zinc yellow and galvanised, square drive available in the countersunk type 17 10g screws.

Self Tapping Screws: Stocked in zinc plate & 304 stainless. Phillips and square drive. 6g 10-50mm, 8g 10-75mm, 10g 12-75mm & 12g 25-75mm. Undercuts 304 stainless 8g 10-20mm, 10g 12-20mm including an 8g head with 10g body.

Hollow Wall Plugs: 5-10mm in set lengths.

Security Screw: Type 17 Trilobular (round triangle) security drive screw. 10Gx25 & 40mm, both in zinc yellow and galvanised. Security drive bits to suit available.

Metal Self Drillers: 6-12g in button, countersunk, pan, wafer and hex. Zinc yellow & galvanised. Series 500 also available in hex, wafer and countersunk.

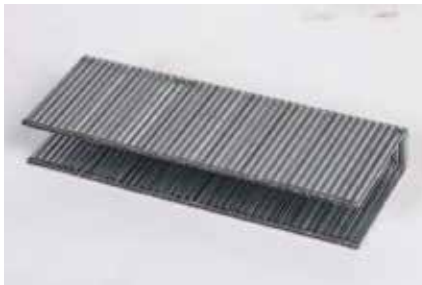

Rivets: 1/8 to 1/4 in diameter and up to 30mm in length. Stocked in aluminium steel, aluminium steel csk, all steel, 304 stainless and colorbond. Also stocking white and bronze.

Iccons Spaghetti: Red 6mmx50m & Green 5.5mmx50m.

Masonry Anchors Hex & Csk: 6-10mm diameter screwbolts and sleeve anchors in zinc yellow and galvanised.

Timber Reveal Staples: 16-45mm.

Wall Plugs Bevelled: red, green, blue and orange in 38 & 50mm.

Threaded Rod: Available in zinc, galvanised and stainless. Diameter range 6-20mm and 1 & 3m lengths.

Icons Chemical Injection Vinylester 300ml: Styrene free, national code compliant, potable water approved including cracked concrete, seismic C1, water flooded holes and fire rated. Suits standard caulking gun, boxes of 10.

Plaster Board Anchors: Zinc & nylon in open and drill point end.

Ramset Chemical Injection 101 380ml: Chemset 101 polyester for use in solid concrete including flooded holes. Ramset applicator gun required.

Hex Nuts and Washers: Zinc, galvanised and 316 stainless, 4-20mm. Dome nuts in 316 stainless.
